### Let's Learn Position Words While Spring Cleaning!

Cleaning with your child is a great way to help them practice using and understanding position words (such as in front, behind, over, under, next to, etc.). Clean the house with your child while discussing position words with them. Here are some examples:

- Let's clean under the bed
- Let's clean behind the couch
- Let's clean on top of the shelves
- Let's clean in front of the stairs
- Put the pillows on the bed
